

## **Chair Persons Report 2017 - 2018**

First of all I would like to thank all volunteers, coaching staff, committee members and past committee members for making the past 12 months a success.

It was a big ask in merging 2 well established clubs together, it has been tough but has been successful due to the hard work of the coaching team and the members of the committee.

I would personally like to thank Noel and his coaching team for the way the club has been moved forward this year in the success of bringing back the friendly league and the micro league, without the hard work of the coaches and the team managers this would not of been possible.

The swimming in the pool has been successful with swimmers performing right through the season and I'm sure if it continues we'll have more successful swimmers on the world scene soon.

A mention must also go to Ex-Bobcats swimmer Thomas Hamer in achieving a gold medal and a new world record in the 200m Freestlye, all at Bobcats are extremely proud of your achievements and hopefully Tom will be back to show off his Gold Medal in due course.

Now the stepping stones are in place we as a club we need to keep driving this forward and here comes my plea for more help. If anybody knows of anybody who can help or yourselves can help please get in touch via the Club website: at [www.burnleybobcats.org.uk](http://www.burnleybobcats.org.uk) or email us on: [burnleybobcats@gmail.com](mailto:burnleybobcats@gmail.com)

Kind regards

Matt Holden  
Bobcats Chairman
